FOR IMMEDIATE RELEASE

**AIR KING EARNS 2022 ENERGY STAR®
SUSTAINED EXCELLENCE AWARD 4 YEARS IN A ROW**

West Chester, PA – May 5th, 2022 – Air King America, LLC is proud to announce that it has received the 2022 ENERGY STAR Partner of the Year—Sustained Excellence Award from the U.S. Environmental Protection Agency and the U.S. Department of Energy for the 4th year in a row. This brings Air King’s total number of awards from the EPA and U.S. Department of Energy to 10 in the past 11 years.

The Sustained Excellence award is the highest honor bestowed by the ENERGY STAR program. Winners are part of a distinguished group that has made a long-term commitment to fighting climate change and protecting public health through energy efficiency. They are among the nation’s leaders in driving value for the environment, the economy, and the American people.

Air King America, LLC an ENERGY STAR partner, will be honored as a partner of the year for its dedication to producing energy efficient ventilation and indoor air quality products including exhaust fans, fresh air intake and kitchen range hoods.

Air King President Jeff Kenkelen said, “It has been amazing to see the commitment of our team members to energy efficiency. Even in a hybrid work-from-home and in person environment our team has stayed consistent in looking to save energy both when in the office and at home.”

“We know it’s going to take all of us working together to tackle the climate crisis, and the 2022 ENERGY STAR award-winning partners are demonstrating what it takes to build a more sustainable future,” said EPA Administrator Michael S. Regan. “These companies are showing once again that taking action in support of a clean energy economy can be good, not only for the environment but also for business and customers.”
